THE ACCOMODATIONS YOU DESERVE..

Back in time, back to YOU...

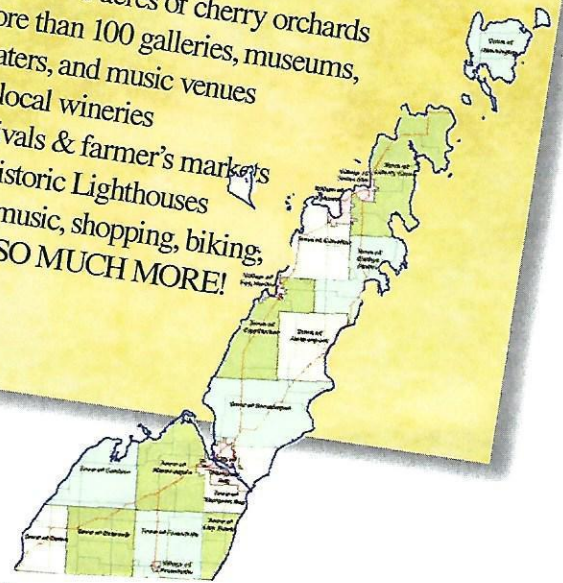

The Alpine Resort was built in 1921 by brothers John and Paul Bertschinger on Egg Harbor's beautiful shoreline. When it opened, it was Door County's largest resort. In the years following, John and Paul expanded the resort by adding more hotel rooms, 30 one, two and three bedroom cottages, and a golf course. From the 1960's through today additions were made and extensive remodeling and renovation took place. Still currently family owned and managed, the Alpine offers a wonderful destination for group tours.

Discover the Door...

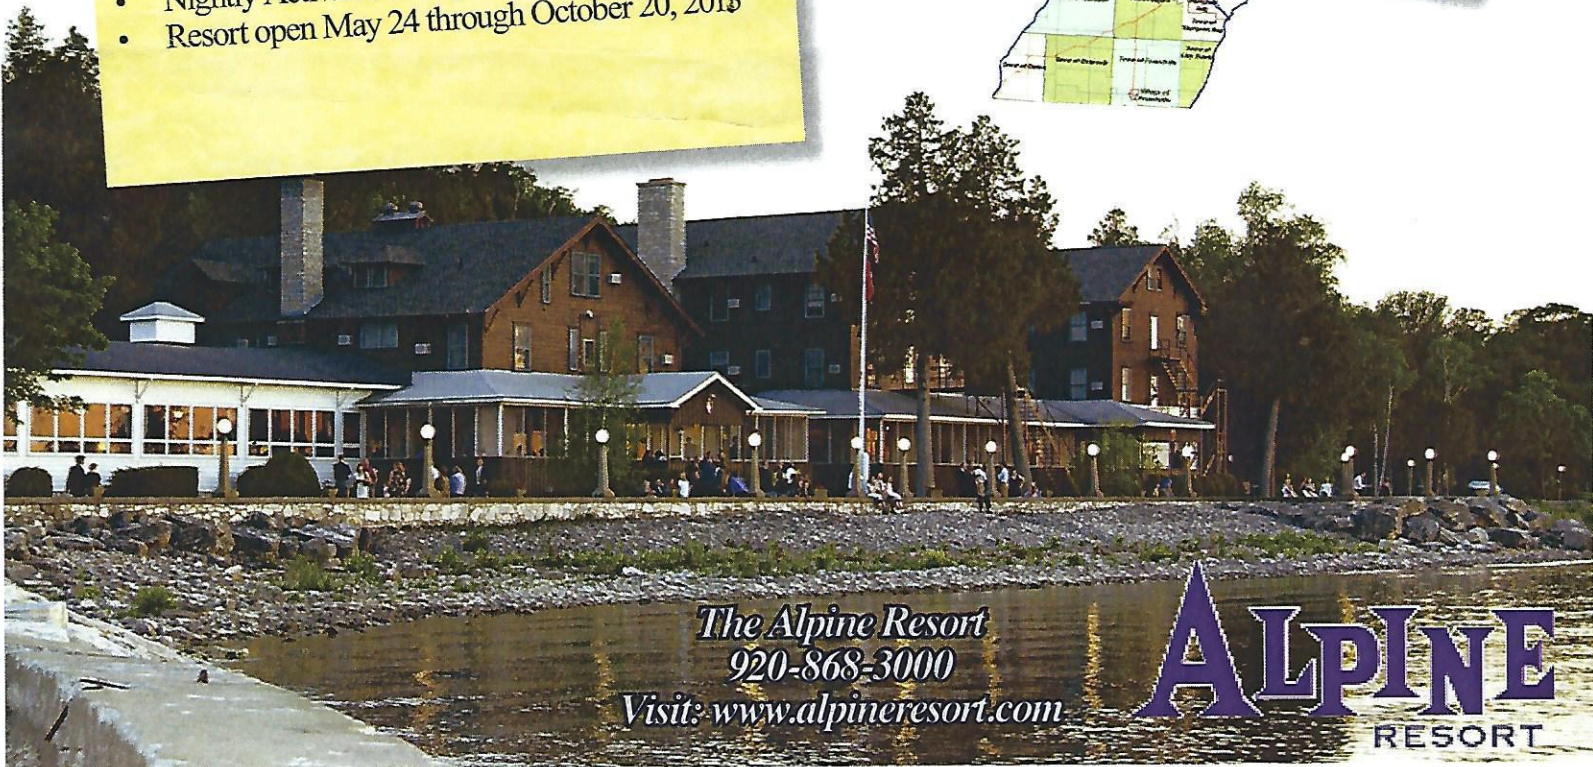

Chances are, you won't want to leave the spectacular Alpine Resort, but be sure to check our some of Door County's countless offerings...
